"POLICY"

Gender is a social construct that impacts attitudes, roles, responsibilities and behaviour patterns of boys, girls and other gender. In all the societies it plays an important role. Increasing attention has been given to the importance of achieving gender equality in education.

C. M. Dubey Post Graduate College ensures to fulfill Gender Sensitization aims to make students, Parents and teachers aware about this field. For the purpose of achieving equity, College management and administration follow the guidelines issued by the Government of India about gender sensitization. For this purpose different activities are done throughout the session.

Gender Issues :-

- Uneven access to education.
- Lack of employment equality.
- Lack of legal protection.
- Poor medical care.
- Child marriage and other form of gender-based violence.
- Lack of religious freedom.
- Lack of political representation.
- - Job segregation.
- Domestic violence and child abuse.
- Moral values and social ethics.

"REPORT"

2022-23

Gender sensitization is the process of creating awareness regarding gender equality issues and modifying the behaviour and views that people hold about themselves and other genders. This process helps in examining people's personal attitudes and questioning the realities.

Gender sensitization is the basic requirement to understand the sensitive needs of a particular gender. It is also important because representation of every gender is important for the nation building. For a healthy performance oriented culture, every organization, including educational bodies, need a right mix of talent which is not bound by gender.

Gender Sensitization Committee of this college tries to give a clear and precise view about gender tolerance. College administration provides a wide platform for students to understand gender equality through different social and cultural activities.
