CMD - 403 / 11/01/2020

To,  
The Principal,  
C.M.D. Post Graduate College, Bilaspur, C.G.

Subject : For signing an M.O.U with your esteemed Institution  
(Request to grant permission for allowing our students to attend and learn lab work for  
specific experiments in the department of Botany and Zoology).

\*\*\*\*

We are pleased to inform you that our College is in the way of completion of 10 sessions as it was started in the year 2010 by the state government. Further, we are preparing for assessment and accreditation by NAAC which is expected to be completed by the end of 2020. It needs to mention that the MHRD/UGC and the state government agencies are promoting the inter-departmental/institutional collaboration in order to provide quality education to students studying in higher education institutions. Your college is an institution accredited A grade by NAAC. That's why we are willing to get your permission for our students to attend and learn laboratory work for specific experiments in the subjects Botany and Zoology.

Please be kind enough to grant permission for the purpose as said above and oblige.
